

# Simple Multiplication Worksheet #2 - 5

$9 \times 7 = \underline{63}$

$5 \times 5 = \underline{25}$

$8 \times 5 = \underline{40}$

$7 \times 7 = \underline{49}$

$3 \times 2 = \underline{6}$

$3 \times 3 = \underline{9}$

$9 \times 5 = \underline{45}$

$7 \times 2 = \underline{14}$

$7 \times 5 = \underline{35}$

$2 \times 1 = \underline{2}$

$6 \times 5 = \underline{30}$

$6 \times 4 = \underline{24}$

$5 \times 3 = \underline{15}$

$3 \times 3 = \underline{9}$

$7 \times 3 = \underline{21}$

$8 \times 5 = \underline{40}$

$7 \times 2 = \underline{14}$

$8 \times 4 = \underline{32}$

$8 \times 3 = \underline{24}$

$3 \times 2 = \underline{6}$

$9 \times 6 = \underline{54}$

$6 \times 3 = \underline{18}$

$8 \times 6 = \underline{48}$

$4 \times 3 = \underline{12}$

$9 \times 2 = \underline{18}$

$9 \times 4 = \underline{36}$

$7 \times 1 = \underline{7}$
