THE BUSY FAMILY CLEANING RESET

A Whole-Home Workbook for Daily Rhythms, Shared Chores & Weekend Resets

BUILD A ROUTINE THAT FITS REAL LIFE

Daily Resets • Shared Chores • Laundry • Weekly Cleaning • Weekend Reset

TemplateTrove.com

WELCOME TO YOUR CLEANING RESET

You do not need a perfect home. You need a routine your family can repeat.

NOTICE WHAT IS NOT WORKING

Find the rooms, chores, and times that create the most stress.

BUILD A REALISTIC SYSTEM

Choose smaller routines and share responsibility.

TEST AND ADJUST

Keep what works. Change what does not.

WHAT I HOPE THIS WORKBOOK HELPS US CHANGE:

Small resets can make a big difference.

TemplateTrove.com

HOW TO USE THIS WORKBOOK

Work through the pages in order. Build the system before you build the schedule.

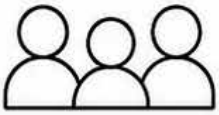

1. **NOTICE** — Identify what creates the most cleaning stress.

2. **PRIORITIZE** — Decide what matters most in your home.

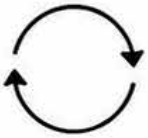

3. **SHARE** — Match responsibilities with family members.

4. **BUILD** — Create daily, weekly, laundry, and weekend rhythms.

5. **TEST** — Try the routine, review it, and make changes.

HOW WILL WE USE IT?

- ☐ I will complete it myself.
- ☐ We will complete parts together as a family.
- ☐ We will discuss responsibilities during a family meeting.
- ☐ We will test the finished routine for one week.

There is no perfect schedule. Build one your household can actually maintain.
